Subject: RE: A new store in town

Ms. Tangedahl,

A building permit was issued yesterday for tenant improvements to allow LA Fitness to occupy the former Saars location. According to the approved plans, the fitness facility will include a three lane lap pool, a basketball court, three racquetball courts, free weights and a cardio training/exercise area in an approximately 44,500 square foot portion of that building. If you have any further questions about this development, please feel free to contact me.

Subject: A new store in town?

I noticed that it looks like they are getting ready to put a new store in where the old Saars used to be, next to Ace on the corner of 148th. There are a lot of vacant stores in the area, so it would be nice to see something new. Is someone putting a new store in that area? Thanks for taking the time to read this.
